WISE2027

The 19th World Conference on Information Security Education
14-16 June 2027
Linköping, Sweden

IFIP Working Group 11.8 on Information Security Education invites submissions to the **19th World Conference on Information Security Education (WISE2027)**. The conference brings together researchers, educators, practitioners, policymakers, and industry leaders from around the world to advance research, practice, and innovation in cybersecurity, information security, privacy, and resilience education.

The conference invites original submissions describing innovative research, effective practices, and evidence-based approaches related to the theory and practice of cybersecurity and information security education. Contributions from academia, industry, government, and the non-profit sector are encouraged, particularly those that demonstrate real-world impact, interdisciplinary perspectives, and advances in educational practice. We welcome submissions within, but not limited to, the following areas:

- Artificial Intelligence in Cybersecurity and Education
- Cyber Resilience for nations and Citizens
- Emerging Trends and Holistic Approaches in Information Security Education
- Serious Games or Gamification
- Cybersecurity Mindset
- Cyber Ranges and Research Laboratories
- Upskilling and Lifelong Learning
- Threat Intelligence
- Cyber Ethics and Ethical Hacking
- Cyber Defence Training
- Information Security Professionals
- Computer Forensics and the Law
- Critical Information Infrastructure Security
- Secure e-Banking and e-Commerce
- The Internet of Things Security-Related
- Financial and Economic Security-Related
- New Programs in Security and Privacy Education
- Experimental Information Security Education and Training
- Information Security Curricula Guidelines
- Evaluation of Security Programs
- International Standards and Certifications
- Professional Competencies in Security
- Informing Citizens in Information Security and Programs to Raise Information Security Awareness
- Information Security Education in Non-Academic Contexts
- Online, Hybrid, and Automated Learning

WISE2027 will be co-located with the 42nd IFIP TC11 Information Security & Privacy (IFIP SEC) Conference. More information can be found on the WISE (https://www.ifiptc11.org/wg118-wise) and IFIP SEC (https://ifipsec.org/) websites.

Submission Guidelines

Submitted papers must be original, unpublished work. All submissions will undergo double-blind peer review (separate from IFIP SEC) and will be evaluated on their originality, contribution to the field, quality, and relevance to the conference.

Papers must be written in English and not exceed 14 pages, including references and appendices. Papers must be submitted in double-blind format, with all author and institutional identifiers removed. Please follow the paper template and author guidelines, available at: https://www.ifiptc11.org/wg118-wise#authors-guideline.

Papers should be submitted via EasyChair: https://easychair.org/conferences/?conf=ifipwise2027

Accepted papers must be presented at the conference in-person and will be published in the IFIP Advances in Information and Communication Technology (IFIP AICT) series by Springer (with ISBN and indexed in Scopus). After the conference, extended versions of selected papers will be considered for publication in the Elsevier journal Computers & Security. Selected papers will undergo at least one further review round.

Important Dates

Submissions due:	**1 February 2027**
Notification of acceptance:	**1 March 2027**
Submission of camera-ready papers & registration:	**22 March 2027**

Conference chairs: Jacques Ophoff and Wai Sze Leung
Programme chairs: Lynette Drevin and Erik Moore
Publications/logistics chairs: Lynette Drevin, Sune Von Solms, and Wai Sze Leung
Web chair: Michael De Jager
